

Prayer for Strength

Dear loving and gracious Father,

You have given me blessings beyond compare. Thank you for the blessings you have freely given me.

Father I'm struggling with where I am in life. I face trials and tribulations that I'm not sure I can overcome alone. Please Lord Help me to know that you are with me and are faithful in helping me overcome these obstacles.

I pray Father that you give me a small glimmer of hope that everything will turn out ok. Please give me a sign that you are in charge and let it sink down and touch my heart so I know you won't leave me. Please bless me and keep me.

In Jesus' name I pray, Amen.
